News

Well we had a couple exciting things happen in June. Unfortunately none of them were a Roof Top Grand Opening party. Anyway, we did have another successful golf tournament this year. We teamed up with Cars 4 Heroes and Sharks again and were able to raise a little over \$5,000 for the charity. We got lucky with fantastic weather again, our vendors hooked us up with some great food and beverages and Sycamore Ridge welcomed us back. A deserving military family received some much needed free transportation in the form of a van for their family and everyone seemed to have a great time. Check out pictures of the day in the three galleries on our website devoted to the golf tournament.

We also had our annual Christmas Party at the K. We got a suite again this year. The same one as last year. We also had the same bartender as

last year who remembered us fondly, I think? However he remembers us I guess we do make an impression when we all get together and go out. It was another great party on the bus and in the suite and no major injuries occurred so we are calling it a success. I have put some pictures from this party in the gallery section of our website as well for your viewing pleasure.

UFC

We have a couple exciting UFC events coming up. UFC 175 this Saturday, features a middleweight Championship bout between champion Chris Weidman and former light heavyweight champion Lyoto Machida. Also on this card, the women's bantamweight champion Ronda Rousey will put her title on the line against Alexis Davis. Then UFC 176 will take place on August 2nd. Headlining this event will be a featherweight championship rematch between champion Jose Aldo and challenger Chad Mendes. We will be taking reservations for both of these events but you must be here by 7PM to get your table. The preliminaries also start at 7PM so sit back and enjoy the action, eat one of our famous pork chop and mac & cheese dinners and share a bucket of beers with

friends while you wait for the main event to start.

Roof Top

What to say about the Roof Top... They are still working on it. Slowly but surely it will definitely open. We do not have an exact date yet. The latest estimates say that it will be open at the beginning of August. Of course you all know better than to hold us to that at this point right? There is only a couple of new things that you can see from the outside right now. Part of the railing has been added and it looks great. You can also see some steel stairs outside the back door. Those are totally not suppose to be that close to the door. They are working on a solution to that problem and I believe they came up with one that involved a bunch of technical mumbo jumbo. The majority of the changes now are happening inside. As you can see in the picture, they are placing the deck flooring for the outside portion.

Then if you visit the gallery and check out the latest construction pictures,

you will see the floor is done behind the bar and in the bathrooms, there are sinks behind the bar, toilets in the bathrooms, some tiles on the walls in the bathrooms, the inside walls are painted as well as most of the ceiling, and some of the siding

that will be going where the remaining tyvek paper is has been placed. So hopefully the progress keeps going and we can meet this latest date. We are going to do our best to make sure this happens and when we have a definite date, we will let you all know!
